

**Stainless steel cable ties (Model: SSCT)**

The technical data of stainless steel cable tie completely meet with the standard of “plastic armored metal cable tie and “steel marine ship classification and construction regulations”.

The normal working temperature is from -25 Degree C to 500 Degree C, pulling force from 1200N to 2200N, paint layer is PVC, it is performance, corrosion resistance, radiation and flame proof, it can well protect cables.

**Dimension**

型号 Type	规格 Specifications (WxL)(mm)	宽度 Width (mm)	最大捆绑范围 Maxi bundled diameter(mm)	厚度 Thickness (mm)	拉力 Tensile strength	包装 (条/包) Packing pcs/bag
SSCT	4.6x100	4.6	22	0.25	900	100
